

To add the website link to either your bookmarks or to create an “APP/Folder” on your phone, please following the directions below:

This is necessary if you don’t want to type in the website each time because the website is being redirected. You no longer need to enter a Username or Password to access the Laborers website.

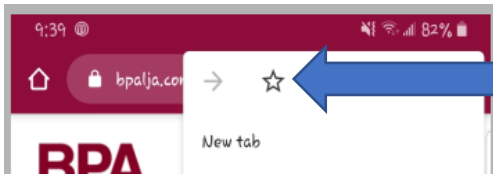

Go to <https://www.bpalja.com>

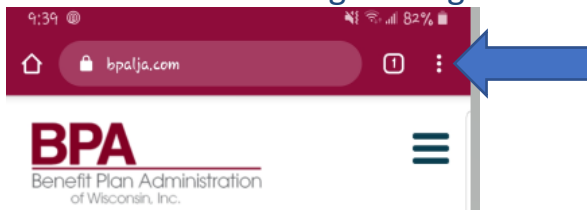

Click the three descending dots

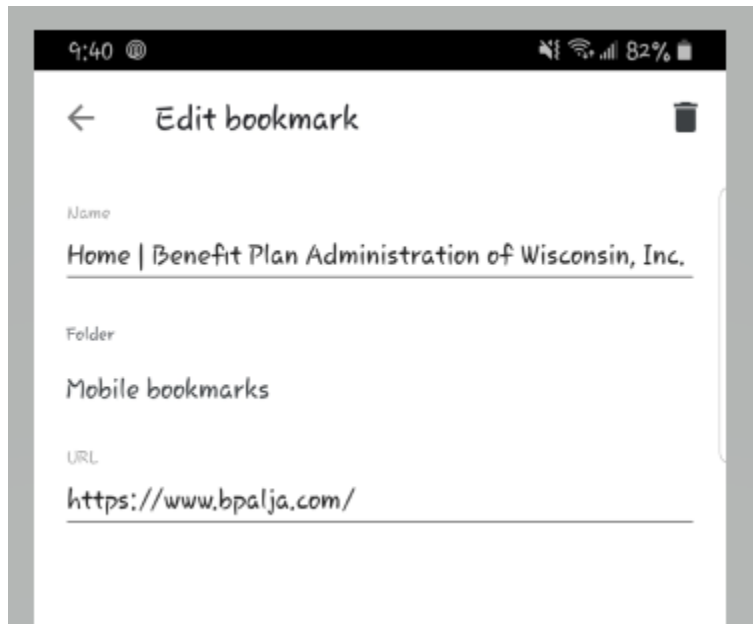

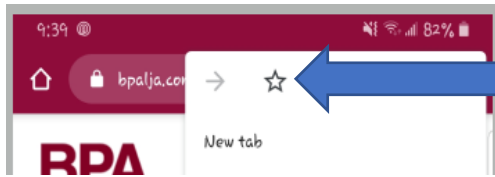

Click the star icon

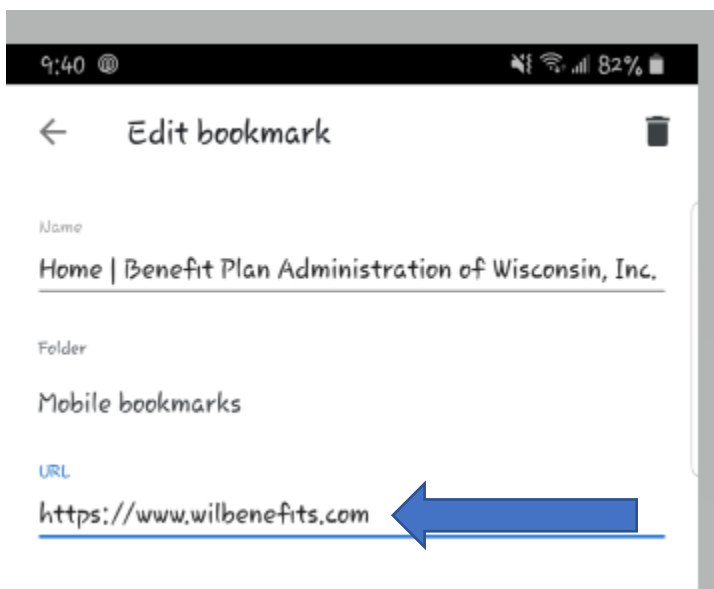

Click the three descending dots again

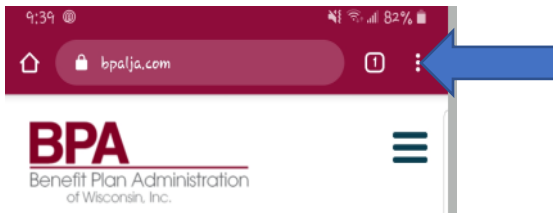

Click the star icon again (this brings up the edit bookmark menu)

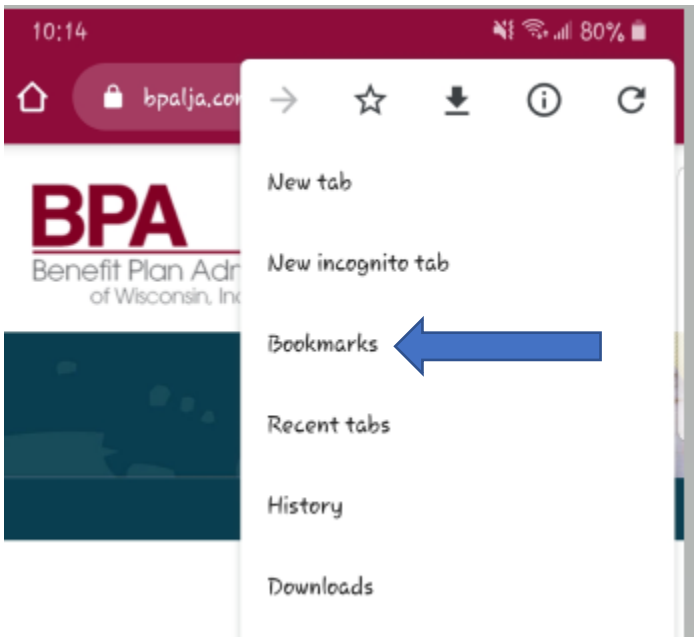

Change the url to redirect domain to www.wilbenefits.com

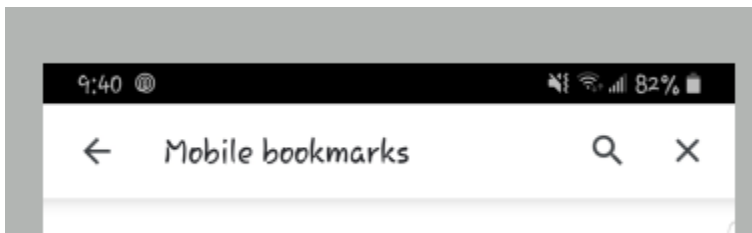

Click the three descending dots

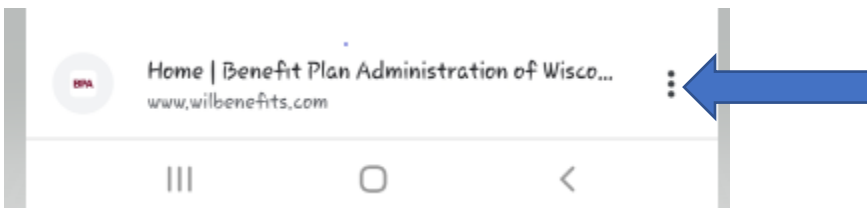

Click Bookmarks

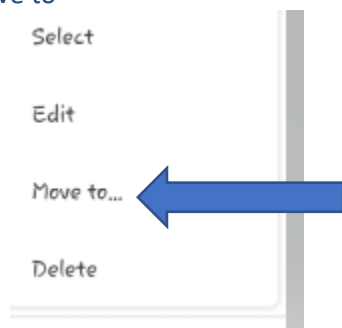

Navigate to "Mobile Bookmarks" folder

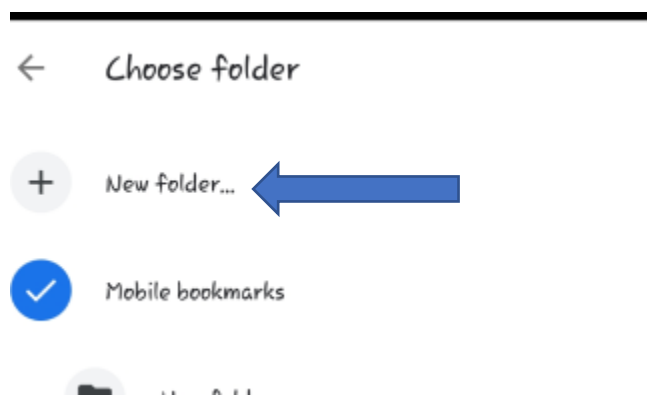

Select the bookmarks for bpa with the wilbenefits.com and click the 3 dots

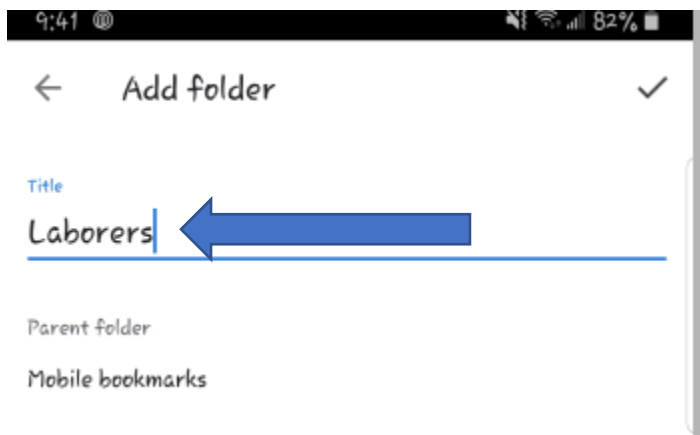

Click move to

Click "New Folder..." at the top

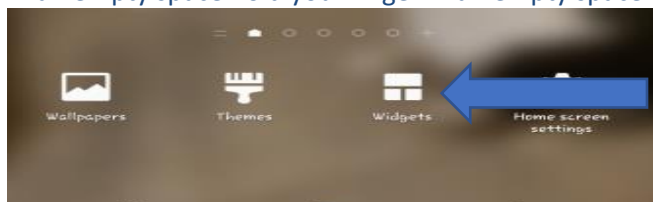

Name the folder whatever you want and click the checkmark

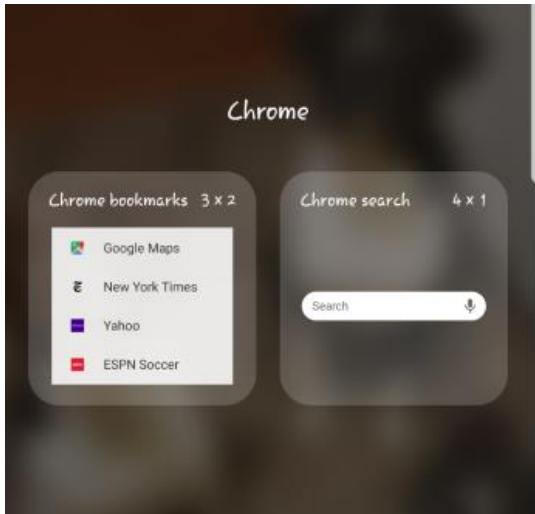

Go to your home screen

In an empty space hold your finger in an empty space until you can add a widget

Add the widget for Chrome “Chrome bookmarks” by holding down your finger on the file

Use the widget to navigate to the folder created for the bookmarks

You can change the size and if you hold down the icon you can move it to another screen. Once you click on the BPA icon, it will open the laborers website.
