Feel the Power

Construction Craft Laborer Apprenticeship

Business owners in the construction industry know that to be competitive in today's market, they put it all on the line, every day. The Wisconsin Laborers' Apprenticeship Program is one of many tools that our union offers to help your company be successful and profitable.

We are your workforce solution for fully-trained and skilled employees that know the industry inside and out. The Wisconsin Laborers' Apprenticeship Program fosters high-quality people who understand the importance of teamwork.

The Wisconsin Laborers' Apprenticeship Program is uniquely designed to provide the classroom, hands-on, and technical skills training for a safe and productive workforce in the construction industry.

The Wisconsin Laborers' Apprenticeship Program has the following requirements:

- 2-3 year training program
- 400 classroom hours
- 4,000 working hours

Contractor Eligibility & Application Requirements

- Any contractor signed to the following:
 - 62 County Building Agreement
 - Local 113 Building Agreement
 - 66 County Sewer & Water Agreement
 - Wisconsin Underground Contractors Association Agreement
 - Heavy & Highway Construction Agreement
 - Asbestos Agreement

Do you have enough journey workers to support the apprenticeship ratios? If your answer is yes, please contact us!
