Are you an out of state contractor working in Wisconsin?

Unless other arrangements are made prior to starting work in Wisconsin, you are obligated to pay into the Wisconsin Laborers' Fringe Benefit Funds on all hours, for all Laborers.

If you are using any non-Wisconsin Laborers, health and pension hours can be sent back to their home state via reciprocity. Reciprocity forms are simple to complete and only need to be submitted once. Please contact the Local Union with jurisdiction over the work location for more information and reciprocity forms:
